

## Happy Holidays!

From all of us here at Dynamic DunesCAPES, we'd like to wish you a very Merry Christmas!

We know that things this year look a little different to normal, but we hope that you have a wonderful festive period and we're looking forward to seeing you in 2021.

If you're heading to the beach on Boxing Day to walk off your Christmas dinner, or you've set your sights on the coast to breathe in the fresh sea air, why not trade a saunter along the strandline for a roam through the sand dunes? We think they're particularly beautiful on a bright and crisp winter morning - the image at the top was taken on a frosty morning at [Studland Bay](#) last week!

Best wishes,

The Dynamic DunesCAPES team

## Feeling festive? Make an origami Christmas Tree!

Find a square piece of paper and some scissors, and follow along with our step-by-step video to fold your own origami Christmas tree. Colourful wrapping paper works well, and these trees make great table decorations.

Easy to do, this is a great activity to enjoy with kids during the holidays.

**Based in Lincolnshire? Explore dunes with Bill Oddie!**

In Lincolnshire our colleagues at Natural England have been looking through the archives and have uncovered some of our old [audio guides](#), recorded by Bill Oddie! We've brought them back to life so that you can once again follow a trail around the beautiful Saltfleetby-Theddlethorpe NNR, guided by Bill.

Follow our new map, listen to the guides on your phone and learn all about the different plants and animals that inhabit the reserve at different times of year!
